

Support of the Community
November 13, 2019
FOR IMMEDIATE RELEASE

PULLMAN, Wash. – The men of Sigma Phi Epsilon’s Washington Alpha chapter are extremely disheartened by the loss of a young man within our community. We send our love to his family and to our neighbors at Alpha Tau Omega.

Our chapter believes this is an appropriate time of reflection for our brothers and the community as a whole. We encourage those within our membership – and to any others impacted by the loss – to lean on each other during this difficult time.

Because of this, SigEp fully supports the Interfraternity Council and their decision to suspend all social events for the remainder of the semester along with the completion of new member education activities by the end of the week.

Blake Gurney, Chapter President
